TAKE NTEU's SURVEY

Make Sure Your Voice is Heard in Contract Talks

As NTEU prepares to bargain a contract with CFPB, your opinion is critical to the negotiations process.

How satisfied are you with CFPB's travel policies? With your hours of work? Your workspace? Communicate your views on these topics and more by [filling out NTEU's survey](#).

The questionnaire gathers information on your priorities and what is currently available at CFPB. In negotiating a meaningful contract for employees, your views on key workplace issues are critical. Your opinion not only counts, it is crucial. [Complete this survey](#) on non-duty time only.

NTEU to Bargain Dodd-Frank Act's 'Saved Pay' Provision

During regular discussions with CFPB, NTEU has informed the agency that it must bargain with the union before changes are made to terms and conditions of employment, including changes in employee pay.

NTEU and CFPB will soon begin bargaining over the Dodd-Frank Act's "saved pay" provision, scheduled to expire July 21, 2013, which if unaddressed could prompt significant changes in pay for a number of CFPB employees. In addition to providing financial regulatory agencies with additional funding, staffing and the authority needed to protect the public, the legislation included a provision that protected impacted employees against reductions-in-force, loss of pay and involuntary geographic transfers for up to 24 months.

With the "saved pay" provision about to expire, NTEU's immediate goal is to prevent anyone's pay from decreasing. It is also the union's intent to negotiate employee compensation in the contract. NTEU will continue to update CFPB employees on bargaining developments.

Reminder for NTEU Members! Dues withholding will begin with paychecks on July 22. In a few weeks, you will receive an NTEU membership card in the mail.
